A VOICE

From the Executive Mansion.

MR. A. K. HAWKES—Dear Sir: The pantoscopic glasses you furnished me some time since give excellent satisfaction. I have tested them by use, and must say they are unequalled in clearness and brilliancy by any that I have ever worn. Respectfully,
JOHN B. GORDON,
Governor of Georgia.

Public Debt Statement

Issued From the Treasury Department.

OVER A BILLION OF DOLLARS

Is the Total Indebtedness of the United States Government Less the Cash in the Treasury—Other Disbursements in the Treasury.

WASHINGTON, Oct. 2.—The public debt statement just issued from the treasury department shows a decrease in the debt amounting to \$2,500,000 during the past month of September. The total cash in the treasury, today is \$1,000,000,000, and of this amount \$802,000,000 is bonded indebtedness.

The net cash or surplus in the treasury today is \$2,542,000, or about \$1,000,000 more than a month ago. National bank deposits, however, are \$2,282,000,000, or about a million less than on Sept. 1. The gold fund, however, during the past month has increased nearly nine millions, and today amounts to \$189,000,000; and the silver fund, exclusive of \$2,000,000,000, has decreased nearly a million, and now amounts to \$1,000,000,000.

Receipts during September aggregated \$31,410,200, or about \$1,000,000 less than in September, 1888. Our receipts during the past month were \$1,148,568. Receipts from all sources for the first quarter of the current fiscal year aggregate, in round numbers, \$100,000,000, or about one-half million less than during July, August and September, 1888.

Expenditure during the first three months of the current fiscal year aggregated \$4,840,000, against \$1,800,000 during July, August and September, 1888. The increased expenditures in 1889 over the expenditures for the first quarter in 1888 is accounted for in the following items: Rivers and harbors, \$1,200,000; in military establishments, \$1,000,000; construction and miscellaneous, \$900,000; for Indians, \$420,000; deficiency in postal revenues, \$399,000; for pensions, \$10,000,000. Total, \$18,659,000. Deduct \$1,675,000, interest and premium paid, less in 1888 than in 1889, and it leaves a net increase amounting to \$16,984,000.

This increase is subject to further reduction when the full repayments for the quarter ending Sept. 30, 1889, shall have been received. Yet the payments from the treasury are larger at this time than in the same period for 1888, because of the smaller drafts upon the treasury for funds last year, while awaiting the passage of the large appropriation bills.

No supreme Judge Yet Appointed.

WASHINGTON, Oct. 2.—The statement has been put in circulation again recently that Attorney Miller has been assured the vacant position on the supreme bench, and in support of this it is said that he has recently arranged the sale of his home in Indianapolis, and that his law partner, Mr. Elam, has said that he will go on the bench. However true the latter may be, it can be stated on undoubted authority that Attorney General Miller has not been offered such a position, and the president has given little serious consideration to the matter and will not determine it for at least two months. It is not customary for judges of supreme courts to take their seats until their nominations have been confirmed. The president, therefore, will not make the appointment until congress is in session.

Whereabouts of the Bear.

WASHINGTON, Oct. 2.—The whereabouts of the revenue steamer Bear, about which little has been heard since she went to Behring sea to help enforce the sealing laws, has been made known to the navy department by Lieutenant Commander Charles H. Stockton, of the Thetis. The Bear was at Point Barrow on July 31, when the Thetis arrived there, and was still in port on Aug. 5, when the latter vessel left for a short cruise to the eastward, where the whaling fleet is cruising. The fleet numbers thirty-seven vessels. The officers and men of the Thetis were in excellent health and spirits. A site for the Point Barrow refuge station had been selected by Capt. Healey, and the house was well under way while the Thetis was there. The whalers lent much assistance.

Delegates Get Their Instructions.

WASHINGTON, Oct. 2.—Nine of the ten delegates on the part of the United States to the Three Americas congress assembled at the state department yesterday and received their instructions from Secretary Blaine in the diplomatic room. The absentee was Jefferson Coolidge, of Boston. The other delegates are John B. Henderson, of Missouri; C. N. Bliss, of New York; C. R. Flint, of New York; C. Studebaker, of Indiana; W. H. Trescott, of South Carolina; A. Carnegie, of Pennsylvania; H. G. Davis, of West Virginia; M. Este, of California, and J. F. Hanson, of Georgia. What Mr. Blaine had to say was said in secret. The doors of the diplomatic room were closed and no outsiders permitted to be present.

A Move in the Direction of Temperance.

WASHINGTON, Oct. 2.—Adj. Gen. Kelton has called the attention of post and other military commanders to the regulation forbidding the sale of intoxicating liquors at military reservations, which, he states, does not seem to have been strictly enforced.

Granted Further Time.

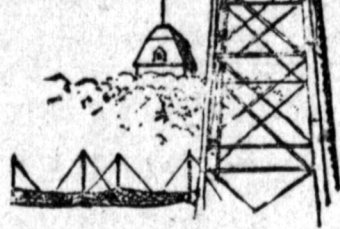

NEW YORK, Oct. 2.—Sheriff James A. Flack, Lawyer Joseph W. McKee Will

Flack, George W. Hart, Sheriff Flack's brother-in-law, who were indicted for conspiracy, perjury and subornation of perjury, were in the general sessions court yesterday to plead to the indictment. Judge Ambrose Monell and Mrs. Raymond were not present. Counsel for defendants asked for a copy of the indictments and a couple of weeks to read them through before their clients plead. The district attorney asked that Monday, Oct. 7, be fixed, and the defendants were admitted to bail.

HIS LAST JUMP.

Reynaud, the Jump, Instantly Killed at Trenton, New Jersey.

TRENTON, N. J., Oct. 2.—A terrible accident occurred at the fair grounds here yesterday where the inter-state fair is being held. It was announced as one of the attractions that Baptiste R. Reynaud, the French jumper, would leap from a 150-foot tower into a netting below. Although the day was wet fully 7,000 people visited the fair. At the time fixed for Reynaud's feat the grand stand was packed with people. Reynaud, dressed in gaily tights, ascended the tower. All eyes were turned on the daring

THE DESCENT OF PEYNAUD.

Frenchman. Reaching the top he looked down on the people below, and after an interval of a few seconds, leaped into the air. He descended with lightning rapidity. On nearing the net he gave a sudden turn and fell flat on his back. The concussion was so great that the jumper was almost instantly killed.

A MILLION DOLLAR FIRE.

Grand Haven, Mich., Visited by a Disaster on Conflagration.

GRAND HAVEN, Mich., Oct. 2.—At an early hour yesterday morning Grand Haven was visited by the most disastrous fire in its history. The loss, as estimated, footing up well toward \$1,000,000. The fire originated in the rear of Slayton's grocery, directly west of the Cutler house. The wind was blowing furiously from the southwest and swept the fire into East's drugstore, then into the Cutler house block, where it spread with wonderful rapidity. The entire hotel was soon in flames, and some of the guests barely had time to escape, some rushing to the streets in their night clothes. Fortunately there were no accidents.

Sweeping from the hotel across Washington street, the millinery store of Miss Ball, Mrs. Squiers' residence and the Dutch Reformed church were destroyed. Then the fire spread in a northerly direction, and made a clean sweep of the entire square between Washington, Columbus, Third and Fourth streets, one of the best residence streets in the city. The Unitarian church, Mrs. Slayton's residence and the Baker house, in which was the telephone exchange, went next. After crossing Columbus street, the flames swept away the parsonage of the Second Reformed church, the Methodist church and several residences up to and including that of George Sanford.

The last house to burn was the elegant residence of Dwight Cutler. This house was built four years ago, and cost with furniture, \$50,000. The loss on the Cutler hotel is the heaviest of all. This house opened in 1872, having cost \$160,000. It was a celebrated resort for tourists from the south and southwest. Landlord Irish and family lose all their personal effects, and a number of guests also lose their personal belongings. The fire departments of Spring Lake, Grand Rapids and Muskegon responded to call for aid and rendered valuable assistance. The fire was under control at 6 o'clock.

The First national bank and several stores and offices were in the Cutler house block, and everything was lost except what was locked up in the bank vault or in private safes. It is believed that the safes and vault will come through all right. Over thirty families were burned out and not more than half a dozen saved anything at all. The town was panic stricken for a time. The town is still in great confusion, and it is impossible to get an accurate estimate of the losses.

Schooner Cap-sized and Crew Drowned.

PORT ROWAN, Ont., Oct. 2.—The schooner Eris Wave, commanded by Capt. Stafford, capsized last evening between here and Clear Creek, and eight persons were drowned. Their names, as far as can be ascertained, are Capt. Stafford, Robert Marlatt, Edward Seper and George Bell.

Assaulted and Robbed.

DELPHOS, O., Oct. 2.—Robert Leffingwell was assaulted by unknown parties last night, and received injuries which may prove fatal. He was robbed of \$180 and a gold watch. His home is at Spencerville, ten miles south of this place.

Mexican State Financially Embarrassed.

CITY OF MEXICO, Oct. 2.—The state of Chihuahua is financially embarrassed, the government being unable to meet its obligations.

Negro Insurrection.

Authentic Information of Navassa's Bloody Riot.

WORSE THAN FIRST REPORTED.

A Battle Fought of Three Hours Duration in Which Dynamite, Pistol, Axes and Knives Took a Prominent Part—A Letter From One Who Knows.

BALTIMORE, Oct. 2.—The details of the riot at Navassa on the 16th ult. have just come to hand in the shape of a report of Superintendent Smith, of the Navassa Phosphate company. "On the morning of Sept. 16 the negroes arose in insurrection and killed four officers, viz: Thomas N. Foster, Joseph Falis, James Mahon and William L. Shea. We had no warning of such an action. At noon the men congregated in front of the superintendent's house and refused to work.

"When Mr. Jones attempted to arrest one of the ringleaders he was knocked down and in a few minutes a howling mob surrounded him. He managed to get to the house where the other officers had sought shelter. We took refuge in the upper story of the superintendent's house and opened fire on the mob, which was now throwing stones against us into the house from every direction, as well as shooting at any one of us who happened to be seen by them. The battle lasted about three hours with an occasional negro wounded, when we were startled by the explosion of a dynamite bomb which they had thrown on the lower porch. This was soon followed by another until there was a continued roar of dynamite. More bombs were exploded around and through the house, on the porches and in the rooms adjoining the one in which we had sought shelter. The negroes were behind cars drawn up in front of the house and the trees, banks and many buildings nearby, which afforded them protection from our occasional shots.

"Shortly after 4 p. m. they broke into the dynamite magazine and got a fresh supply of dynamite. By this time the explosion of dynamite had become so frequent and uninterrupted and knowing it was their intention to blow us into eternity we decided to leave the house and endeavor to reach the officers' quarters and make another stand out we had not got twenty feet away before they saw us and attacked us from every direction with axes, knives, rocks, razors and clubs, at the same time uttering hideous yells that a Comanche Indian would have envied. Each man was soon overpowered and disarmed and Mr. Foster was at once butchered with knives. Mr. Foles was chopped to pieces with an ax. Poor Bill Shea was shot with a revolver.

"Those of us whose lives were spared owe our escape to the intervention of friendly negroes, who hid us in a little building until the excitement had somewhat subsided, and while they were engaged in looting, robbing and pillaging the buildings and all property owned by the officers was being rifled. About 6 p. m. some negroes came to our building in which we were hiding and told us to come up to the mess house and get some supper, and we should not be harmed while going to and fro. We had not proceeded over thirty feet before one of the devils placed a revolver within a few inches of James Mahone's face and fired, then shot him through the heart after he fell.

"On the 20th inst. her majesty's ship Forward, a British man-of-war, came to our assistance. They have taken us aboard, and treated us as honored guests."

ELECTIONS IN NEW STATES.

Latest Returns From Montana, Washington and the Two Dakotas.

YANKTON, Dak., Oct. 2.—The election yesterday resulted in a Republican victory throughout the state of South Dakota on the congressional, state, judicial and legislative tickets. The constitution is almost unanimously adopted. Minority representation is defeated. The prohibition clause in the constitution is probably adopted, but the margin is small. The capital location lies between Sioux Falls and Pierre. The Republican majority will be very light. Reports from Hutchinson county indicate a sweeping decrease in the Republican majority, if not a small Democratic majority.

SIOUX FALLS, S. Dak., Oct. 2.—Reports show the heaviest vote ever polled in this territory. The city gives a small majority for the Republican ticket. Returns from the state are slow and meagre, but the Republicans have carried the day. The definite result on the state capital and prohibition will not be known for several days. The legislature will have 150 majority on joint ballot. Prohibition has certainly been carried, although the majority is small.

VERMILION, S. Dak., Oct. 2.—No definite returns can be had before tomorrow. In Clay county, the prohibition constitution and entire Republican ticket will be given majorities. Pierre will receive nearly half of the votes for the capital.

DELL RAPIDS, S. Dak., Oct. 2.—Prohibition carried by 143. Sioux Falls has 148 for the capital against Pierre 70.

North Dakota.

BISMARCK, N. Dak., Oct. 2.—The official count of the city shows an average majority for the Republican ticket of 163. Private telegrams from twenty-five legislative districts show the election of sixty-seven members of the legislature favorable to Gilbert A. Pierce for the United States senate. Four more are known to be for Pierce in safe Republican counties, giving him 71 votes

sure out of a total of 142 in both houses. Eleven county precincts and the city of Bismarck give a majority of 141 against prohibition. The constitution carried almost solidly.

The News from Montana.

HELENA, Mont., Oct. 2.—The Australian balloting system proved to be a complete success. The votes were polled very rapidly, nearly all votes being cast by noon. No disorder of any kind is reported, and there was little or no intoxication. The ticket is a long one, and it will be some time before sufficient returns are in to definitely state the result on the gubernatorial and congressional ticket.

The Democrats claim the election of their state and congressional ticket, but leave the legislature in doubt. Republicans make no figures on the legislature, but claim the election of Carter to congress by a small majority, and generally concede the election of Toole, Democratic candidate for governor, with the remainder of the state ticket in doubt.

Editor Fiske, of The Herald, Republican, says Toole is probably elected, but believes that Carter will get in by a small majority. Conservative Republicans feel that way from the indications.

The Four Elections Summed Up.

ST. PAUL, Minn., Oct. 2.—The returns to The Globe (Democrat) indicate that Washington has elected a Republican governor and congressman by 7,000 and the legislature by 15 majority.

Montana is close, with the probability in favor of the Democrats, who seem to have elected the governor and the legislature. The congressman is in doubt, with Carter, Republican, running ahead of his ticket.

In North Dakota the Democrats got three judges and twenty-three members of the legislature. The vote on prohibition is close.

In South Dakota the Republicans got a clear sweep. In the capital fight Pierre is in the lead, with Huron next and the others well in the rear.

Election News Delayed by a Storm.

PORTLAND, Ore., Oct. 2.—At 7 p. m. a heavy wind and rain storm prevailed throughout Washington Territory. The wires are in a bad shape, and election news are greatly delayed.

IN S. C. SESSION.

Meeting of the General Executive Board of the Knights of Labor.

ST. LOUIS, Oct. 2.—The general executive board of the Knights of Labor are in secret session at the Laclede hotel. Matters of interest to the south and southwest are being considered. Ever since the southwestern strike in 1886 there has been more or less trouble in this section, and it is believed that the present meeting will result in a settlement of many things in that connection that have long been a bone of contention within the order.

Replying to criticisms upon his action during that strike, Mr. Powderly said: "My record in the matter of the Southwestern strike is open to inspection and is understood and in lored by the order. The strike was ordered without due authority. The constitution of the order was violated. I have in my possession numerous letters from local assemblies begging the executive board for God's sake to step in and end the struggle. After my trip west during the strike I returned to New York, and there saw Mr. Gould. I supposed that he was a man of his word. At the time the conference was held in the Astor house, Jay Gould said to me that he would arbitrate the trouble with his men. This was all we had asked. I ordered the strike off. The next day Gould stated that he meant by arbitrating with the men—those who were in his employ at that time. What nonsense and duplicity that was! Gould had no trouble with men who were at work. I was simply trapped."

Referring to the Furlong case, Mr. Powderly said: "I have requested the district assembly to call a meeting of members present and past at which I will be present. I want to learn how official names and seats were secured to endorsements of Furlong that were forwarded to Secretary Windom. The opposition to Furlong grew out of the press reports that were sent from St. Louis during the Southwest strike, and which induced the order to believe that Furlong was engaged in persecuting our order."

Gipsy Blythe's Heiress.

SAN FRANCISCO, Oct. 2.—Counsel for little Florence Blythe, the chief claimant to the \$4,000,000 estate of old Thomas F. Blythe, the gipsy, are much wrought up over the testimony against their client by Mrs. Julia Ashcraft, mother of Joe Ashcraft, the reputed father of the child. Mrs. Ashcraft declares positively that the child of Kate Perry and Joseph Ashcraft was never known by the name of Blythe until the old millionaire died.

Destructive Prairie Fire.

HERMANN, Minn., Oct. 2.—The most destructive fire that ever visited this section of the country swept through here last evening. The wind was blowing a terrible gale at the time. It is hard to estimate the damage done, and it is impossible to learn the extent of the fire. Some farmers have lost their entire crop. In the immediate vicinity of this city the loss is not less than \$10,000.

Driven to Suicide by Ill Health.

NORWALK, O., Oct. 2.—Charles Gregory, aged 69, committed suicide Saturday at his home, New London, this county, by shooting himself through the head. Ill health was the cause of the shooting. He was formerly an active business man, and did much to build up the town after the destructive fire of 1873.

THE EVENING BULLETIN

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

WEDNESDAY, OCT. 2, 1889.

SINCE the recent decision of the Court of Appeals affecting the Fleming County prohibition law, the cold-water folks of that section are said to favor the repeal of the entire bill.

SUPPOSE the International Congress at Washington City should recommend the removal of all restrictions to trade between the countries of North and South America, would Blaine still claim the meeting as one of his favorite projects?

THE eye of the capitalist is centered on the undeveloped wealth of Eastern and Southeastern Kentucky. A company has lately secured mineral leases on half a million acres of land in a few of the principal counties in the upper part of the Kentucky River Valley.

PROMINENT Republicans of the East are talking strongly in favor of "free wool and free iron," and now comes the Republicans of Pratt County, Kansas, with a request to their member of Congress "to bring in a bill placing on the free list all raw fibres that are used in making twine." The educational campaign of the tariff reformers is progressing finely.

THE Breckinridge News wants the next Legislature to pass a law to prevent Kentucky couples from running off to Indiana and Ohio and getting married, "because it is depriving the State of a large revenue." The question of revenue is a trifling thing. There is a greater question involved—the legality of the marriages. However, the parties themselves are the ones most concerned.

How and where Englishmen get the money they are pouring into this country to buy up its land, mines and manufacturing is explained by the fact that each individual in England is rapidly increasing in wealth, while our wealth is not sensibly increasing per capita. From 1870 to 1880 it only increased from \$905 to \$940. The "average Englishman" is worth \$1,245 and his wealth is increasing \$13 yearly.—New York World.

One of Mayslick's society boys speaks of going to "Sweet Owen" in the spring to grow a new variety of rainbow tobacco. The county produces a beautiful leaf as fine as split-silk, judging from the sample we have seen.

Madame Grundy says that the 15th, 16th and 17th of October will witness three such weddings of Mayslick parties, viz: Worthington Cliff, R. F. Warder, Davis-Hickill. How lovely it makes those who are left, in the midst of this matrimonial epidemic?

Tom Clay Jefferson, of Lexington, was the guest of H. D. Watson Saturday. He is one of the best-posted live wires in Kentucky. His head is a moving vocabulary of pedigrees of the standard-bred trotters that are now filling the racing world with daily astonishment.

J. N. Watson and wife had a fine business outing in Cincinnati last week. Heard Joe Emmett in "Fritz," and were struck with his fine singing of a new lullaby. Bought a pretty stock of goods which are now on the shelves and ready to be measured off to their many customers.

Tinker, the new Christian minister at Mayslick, is a Scott County man, married Miss Lullie Crenshaw, of Bourbon, and has two children, is twenty-seven years of age, has been preaching three and a half years, and has had seven hundred and fifty additions to the church. He was accompanied by Miss Dora Berry, of Mayslick, dining at Squire Dye's.

Mrs. Nancy Clary and son, Claude, returned Friday from a three-weeks visit to relatives and friends in Sullivan and Lynn counties, Missouri. Mrs. C. and son were splendidly entertained by the two families of Prathers, father and son, the one the brother and the other the nephew of the late Wash Prather, of this county. On the 30th of September, Mrs. C.'s birthday, all the relatives and friends met at the house of Mr. W. T. Prather and gave her a birthday supper, giving her many little keepsakes in memory of the event. Mr. Tom Prather is now in his eighty-fourth year, and has a young wife aged thirty-five, and is living very happily together. Mrs. C. derived great benefit from drinking the sulphur water from a fine spring near Mr. Prather's home. It is a beautiful country out there, but without turnpikes.

Delicious and Satisfying Sweetmeats.

Sweet apples and mellow, dead ripe pears, baked down in a mild oven till they are jellied in their own juice and sugar, make a sweetmeat that will keep with less care than anything else, and satisfy every taste, says Susan Power in American Garden. Line the bottom and sides of your stove oven with common bricks, laid in loosely; set the fruit in close stone jars, and let it cook all day and night. No fear of burning, but the steady, moderate heat turns out a lucid, deep flavored mass which is something what food ought to be.

Kentucky STOCK FARM

(BLUE GRASS)

FOR SALE OR LEASE.

I will sell, or lease for a term of years, MELROSE STOCK FARM, the home of the late W. T. Dudley, situated within one mile of Frankfort, Ky., on the Lexington turnpike, and L. and N. Railroad, containing 265 acres, which may be divided into two tracts, one containing 165 acres, with the residence and improvements, and the other 100 acres with one tenement house.

The soil is rich, producing large yields of tobacco, wheat, corn, etc., and there are five never-failing springs of limestone water on the place.

The residence is of brick, with ten rooms, located on a commanding eminence and surrounded by forest trees. Improvements include two large stables, two large tobacco barns and other farm buildings all in perfect repair, and a fine orchard of best fruit, now in full bearing. An excellent half mile track may be made on the place.

This farm has all the requisites for a first-class stock farm, offering special advantages for raising and training horses, the greater part of it being now well set in blue grass.

Will take \$20,000 for the whole place, one-quarter cash, balance in one, two and three years, with interest, or will lease for five years at \$2,000 per year.

For further particulars address FRANK CHINN, Attorney, Frankfort, Ky.

THE GERMANTOWN FAIR.

Bright Outlook for a Successful Meeting—Premiums Awarded First Day.

This is fair week at Germantown, and every one in that section is anticipating a big time.

The first day rarely ever attracts much of a crowd, and yesterday did not prove an exception. There was about the usual attendance for opening day. Threatening clouds raced across the skies during the early morning hours but it soon cleared away, the sun shone out bright and warm and the day was a delightful one. Monday's rain has settled the dust, the grounds are in fine condition, and the outlook for a big meeting is bright. Following is a list of premiums awarded yesterday.

Railway News.

It cost the Louisville Southern \$3,700 to paint its big bridge over the Kentucky river at Tyrone.

The C. & O. is a great road and its "F. V." is a great train. None more elegant in the land.

Railroads take as much trouble to balance their freight shipments and arrivals as a bank does its books. A general agent, enjoying a good salary, has spent several days in the past two years traveling from one point to another to find two missing bales of cotton, valued at \$100, shipped from the South, which the consignee at a New England point never received.—New York Star.

Recent rains have greatly interfered with work on the Kentucky Midland Railroad, and it is now doubtful whether the road can be finished to Paris by November 20, the time required by terms of the contract, and there may be some trouble about getting the \$250,000 subscribed by Bourbon County. There has not been a rail laid between Georgetown and Paris, but the work will begin at Georgetown this week. Three cuts are yet to be made near Paris.

"Larking."

On Saturday night, at the opera house, the Mortimer Comedy Company will produce "Larking." "Larking" is an uproariously-funny musical comedy farce, overflowing with ridiculous situations, comical climaxes and witty dialogue. New topical songs, splendid dancing, and the homeliest dog on earth, "Bute," will entertain the audience with two hours and a half of solid fun.

Here and There.

Mr. Will Rigg, a former employee of the Republican office, was in town yesterday.

Mrs. Charles Nute, Jr., of Flemingsburg, is visiting her parents, Mr. and Mrs. R. A. Toup.

Miss Maggie Redmond left yesterday afternoon on the F. V. for her home in Covington, after an extended visit to the family of Constable James Redmond.

Five hanging lamps at Schatzmann's.

AN AFTERNOON WEDDING

Marriage of Mr. Will Means, of This City, and Miss Amanda Wall, of Flemingsburg.

It was a happy wedding party that thronged the Christian Church at Flemingsburg yesterday afternoon at 4 o'clock, to witness the marriage of Mr. Will Means and Miss Amanda Wall. The church, handsomely decorated with flowers, plants and evergreens, presented a fitting scene for such an occasion.

Elder Joseph Franke, of Lancaster, a former pastor of the church, was the officiating minister. Messrs. Darnall and Dudley, of Flemingsburg, acted as ushers.

The bride wore an elegant traveling suit of brown cloth, with hat to match, while the groom wore the conventional black.

Immediately after the ceremony the happy couple left for this city, and were passengers on the eastbound "F. V." a few hours later. At Norfolk, Va., that take the steamer for Boston. They will be absent some time, visiting various points in the East.

The groom is connected with the firm of H. C. Barkley & Co., boot and shoe merchants of this city, and is one of the best known business men in this section of the State. The bride is a daughter of Dr. and Mrs. J. T. Wall, of Flemingsburg. Their many friends join in warm congratulations.

Among the guests present from this city were Mr. and Mrs. H. C. Barkley, Colonel and Mrs. Frank S. Owens, Mr. and Mrs. E. P. Browning, Dr. and Mrs. H. K. Adamson, Miss Lida Berry, Miss Emma and Lena Means, Miss Lelia Wheeler, Mrs. Lucy Keith, Mrs. F. B. Ranson, John C. Adamson, R. L. Browning, Harry Barkley, Harry Owens and Mrs. H. L. Newell.

Stock and Crops.

Pumpkins and potatoes are plentiful in Fleming County.

Fifty car-loads of live stock passed east over the C. & O. a few days since.

A Scott County farmer raised 1,06 bushels of wheat on forty-two acres.

The largest shipment ever made to one consignee of tobacco in Kentucky, was that of 485 hogheads sent East from Hawesville last week. It took a train of forty-one cars to transport it.

Monday closed the tobacco year at Danville, Va. The sales of leaf on warehouse floors for the year were 28,803,446 pounds, a decrease from last year's sales of two and a half millions. The average price was \$8.75 per hundred. The sales of the manufactured products since January were 5,897,000 pounds, an increase over same time last year of nearly two million pounds.

Following is a summary of reports gathered by Dan Talmage's sons relative to the rice-growth of the present year. The promise of earlier periods is borne out in all of the States except Louisiana. In August the latter promised to distance all previous records, but owing to untoward circumstances since and now prevailing it will not exceed that of last year and many predict a falling away of from 25 to 30 per cent. The largest crops made were those of 1885 and 1886, which stood respectively 435,000 and 410,000 bbls of cleaned rice. The total crop is now placed at: Atlantic Coast States, 200,000 bbls. (325 lbs. each); Louisiana, 325,000 bbls. (250 lbs. each.)

Max Stadler's Big Prize of \$12,500.

A Daily News reporter dropped into Max Stadler & Co.'s well known clothing establishment at Broadway and Grand street. The latter held a telegraph dispatch in his right hand that read like this: NEW ORLEANS, July 20, 1889.

Max Stadler—New York: One-five-one-six drew fifty thousand. M. A. DAUPHIN.

In the other hand Mr. Stadler held one-quarter ticket No. 15,166 in the July drawing of the Louisiana State Lottery.

Mr. Stadler took his ticket to his friend, Manager Hoey, of the Adams Express Company, for collection.—The New York Daily News, August 7.
